About the Suzlon Group

Pioneering Renewable Energy Solutions

The Suzlon Group is one of the leading renewable energy solutions providers in the world with ~20.8 GW* of wind energy capacity installed across 17 countries. Headquartered at Suzlon One Earth in Pune, India; the Group comprises Suzlon Energy Limited and its subsidiaries. A vertically integrated organisation, with in-house research and development (R&D) centres in Germany, the Netherlands, Denmark and India, Suzlon's world-class manufacturing facilities are spread across multiple locations in India. With over 29 years of operational track record, the Group has a diverse workforce of over 6,400 employees. Suzlon is also India's No. 1 wind energy service company with the largest service portfolio of over 14.8 GW in wind energy assets. The Group has ~6 GW of installed capacity outside India. Suzlon offers a comprehensive product portfolio led by the 2 MW and 3 MW series of wind turbines.

*Global installations of Suzlon manufactured wind turbine generators.
Data as of 30th June 2024
